

**Influences (Warm-up)**

*Who or what has influenced, informed or inspired your approach to teaching and supporting learning? Are there any authors, colleagues, teachers, or experiences whose impact is evident in the way you do things?*

**Beliefs**

*What are your assumptions and beliefs about the processes of learning and teaching and the roles of teachers and learners? How can a teacher facilitate or intervene in the learning process to help learning occur?*

For me, learning occurs best when...

**Goals**

*What goals do you have for your students, as learners in your specific subject and more generally?*

As a result of working with me, my students...

**Style**

***What is your style of teaching or learning facilitation? How do you see your relationship with the learners you work with and interact with?***

As a teacher, I prefer to be...

**Practices**

***What are your teaching, learning, assessment and evaluation practices and methods? What methods do you use to support and assess student learning? How do you evaluate your teaching?***

Methods I often use include...

**Metaphors (Wrap-up)**

***What metaphor could you use to describe your teaching role to someone outside the education field?***

A teacher is like...
