Dear Requester,

Thank you for your correspondence requesting permission to reproduce content from a Taylor & Francis Group journal content in your thesis to be posted on your university's repository.

We will be pleased to grant free permission on the condition that your acknowledgement must be included showing article title, author, full Journal title, and **© copyright # [year]**, reprinted by permission of Informa UK Limited, trading as Taylor & Taylor & Francis Group, http://www.tandfonline.com

This permission does not cover any third party copyrighted work which may appear in the article by permission. Please ensure you have checked all original source details for the rights holder and if need apply for permission from the original rightsholder.

Please note that this license **does not allow you to post our content on any other third-party websites.**

Please note permission does not provide access to our article, if you are affiliated to an institution and your institution holds a subscription to the content you are requesting you will be able to view the article free of charge, if your institution does not hold a subscription or you are not affiliated to an institution that has a subscription then you will need to purchase this for your own personal use as we do not provide our articles free of charge for research.

Thank you for your interest in our Journal.

With best wishes,
