Okay great! Is there a specific statement I need to include? If not, I will make sure to cite it. We sometimes also have to include a permission letter with our ETD. Is there one I could acquire?

Hi Lisa,

Yes, go ahead to do so. The licensing agreement with our database allows inclusion of tables and figures.

Best,
Joan

Hi Joan!

I definitely will cite it. But am I also able to include a figure from their report in my ETD? I don't know how to require a copyright permission letter if that is needed.

Thanks,
Lisa

Hi there!

This is Joan, your Account Manager for the University of Pittsburg.

To your question below, yes you may cite BCC Research 😊 This guide may be helpful:

How To Cite Market Research in School Assignments

BCC's market research is a solid reference that provides weight to whatever project or paper you're working on. That said, there's an aspect of it that is often overlooked; citing market research reports correctly.
